Rosa26^{(3TF.Cherry)Mgn} - Mouse Strain RES4075**Mouse Information**

Common Name:	Rosa26 ^{(3TF.Cherry)Mgn}
MGI Official Name:	Rosa26 ^{(3TF.Cherry)Mgn}
Description:	This mouse line contains bidirectional TetO-regulated genes inserted into the Rosa26[LCA] by RMCE. In one direction, the TetO/CMV promoter drives expression of a polycistronic mRNA with transcription factors MafA, Pdx1, and Ngn3 linked by 2A peptide cleavage sequences. In the other direction, it drives the expression of red fluorescent protein mCherry. In this mouse line, when the effector protein rtTA is expressed, all three transcription factors and mCherry will be over-expressed simultaneously upon administration of doxycycline.
Categories:	Fluorescent Probes Tet

Genetic Alterations

1) RMCE Targeted Mutagenesis	
Type of Allele	Cassette Acceptor
Targeted Gene	gene trap ROSA 26, Philippe Soriano (Gt(ROSA)26Sor - NCBI GeneID:14910)
Targeted Allele	targeted mutation 1 (Rosa26 ^{tm1(LCA)} - MGI:104735)
Description of Targeting Vector	The Rosa 26 cassette acceptor allele was created by replacing a 5.165 kb region of this gene containing exon 1 with a floxed tk-neo cassette, a puromycin-delta-thymidine kinase fusion gene driven by the mouse phosphoglycerol kinase promoter (pU-deltaTK) and a neomycin resistant gene driven by the bacterial EM7 promoter (EM7neo) flanked by minimal (34 bp) tandemly oriented lox71 and lox2272 sites.

Recombinase-Mediated Cassette Exchange Stage

Type of Allele:	Conditional Activating
Exchanged Cassette Gene	Not provided.
Exchanged Cassette Allele Name	mCherry/MafA/Pdx1/Ngn3
Description of Exchange Vector	The phygro66.2272.RV.mCherry.MafA.Pdx1.Ngn3 vector was made on a backbone of a basal exchange vector which contains Lox66/Lox2272 sites and a flrtd (flanked by FRT) Pgk-Hygro cassette that is used for positive selection of ES cells after RMCE. Bi-directional TetO-regulated genes, mCherry and three transcription factors (MafA, Pdx1, and Ngn3 linked by a 2A peptide cleavage sequence) were inserted between the Pgk-Hygro and Lox2272 sites.
